### This Scientifically Formulated Stress Support Formula Includes the Following Active Ingredients per Soft Chew

#### Hops – 75mg

*Hops have been known to offer soothing, relaxing, tonic and calming effect on the body and the mind.*

#### Chamomile – 50mg

*Chamomile is one of the most ancient medicinal herbs known to mankind. It can act as a relaxant to calm nerves and reduce anxiety, to help with hysteria, nightmares, insomnia and other sleep problems, motion sickness, nausea.*

#### Valerian – 50mg

*Valerian root is a powerful compound with a relaxing effect that supports stress relief and relaxation.*

#### Ginger Root Extract – 50mg

*Ginger root may help to relive motion sickness.*

#### Brewers Yeast – 50mg

*Brewer's Yeast helps to support the healthy functioning of the nervous system and supports the body during times of stress. It is a rich source of vitamins and minerals. The b-complex vitamins in brewer's yeast help in breaking down fats, carbohydrates and proteins, providing the body with energy. They also help to support the nervous system. The chromium in brewer's yeast helps in blood sugar control. The Niacin and Vitamin B6 that is found in the yeast, produces brain chemical serotonin, supporting sleep.*

#### l-Taurine – 25mg

*l-Taurine is found in several organs, and its benefits can be widespread. It aids in hydration, digestion, supporting the general function of the central nervous system and eyes, regulating immune system health and antioxidant function.*

#### l-Tryptophan – 20mg

*l-tryptophan has been shown to alter mood. It has been used for insomnia, depression and to calm nerves.*
